

How to Register on KidKonekt

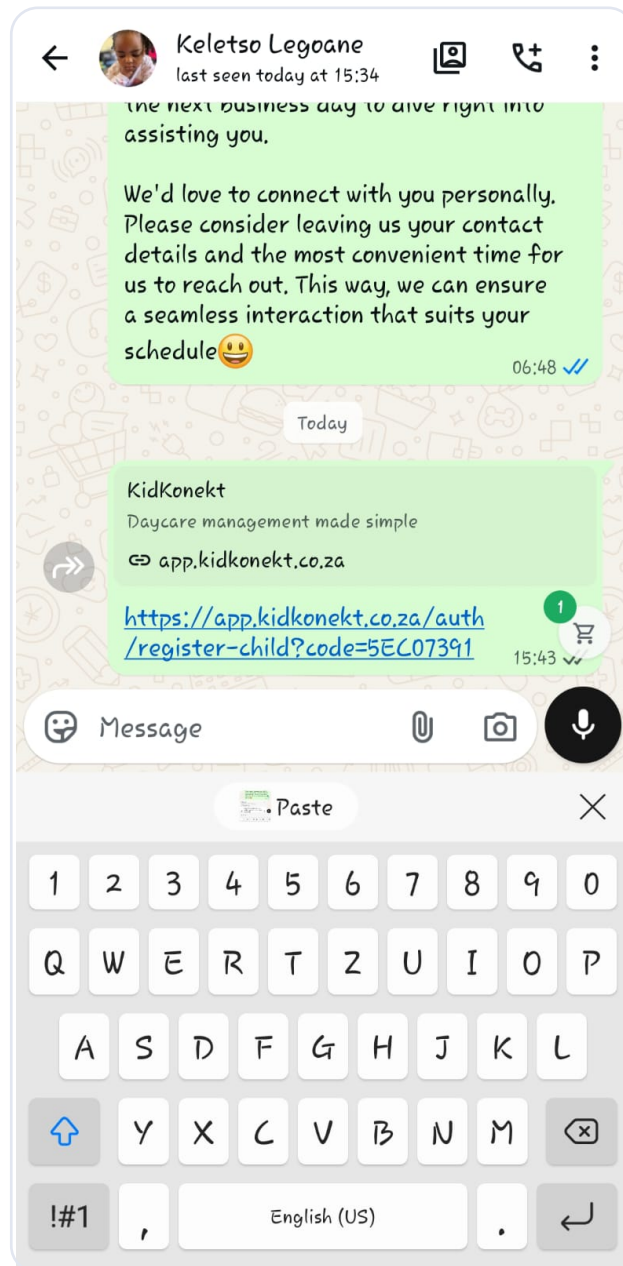

A step-by-step guide for parents -- from invite link to full account access

What's inside:

- 1 Get your invite link
- 2 Tap the link
- 3 Create your account
- 4 Your dashboard
- 5 Open the menu
- 6 Read the handbook
- 7 Fill in the registration form
- 8 Submit for approval
- 9 You're in! (full access unlocked)

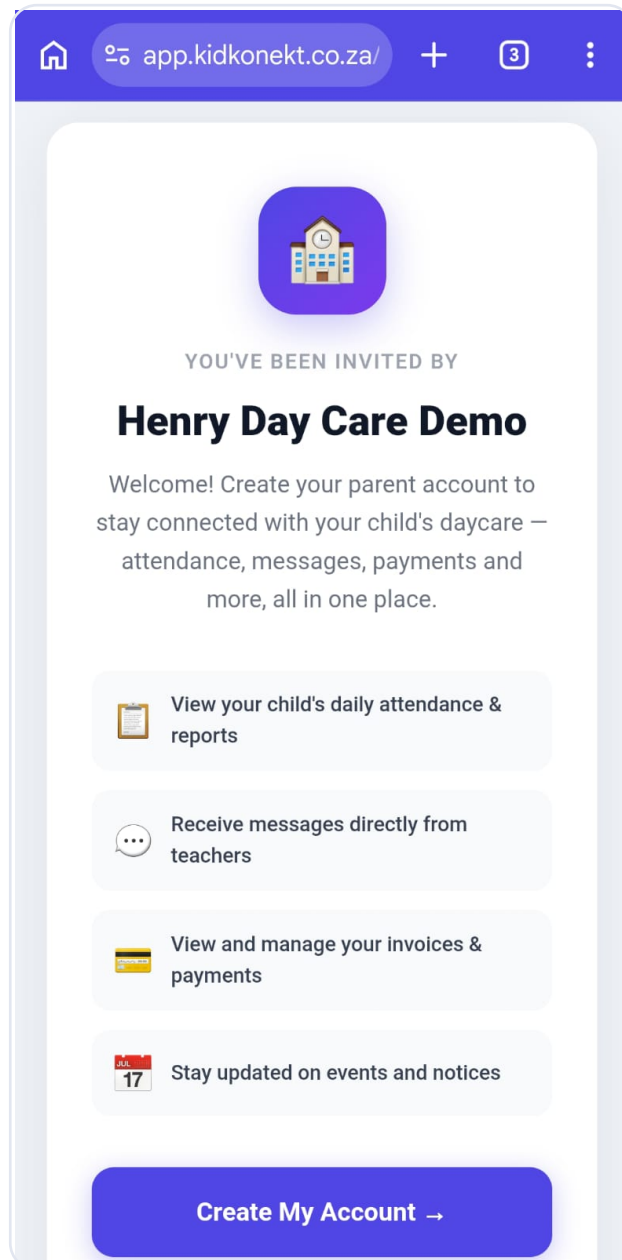

1 Get your invite link

Your daycare sends you a KidKonekt link via WhatsApp, with a unique registration code.

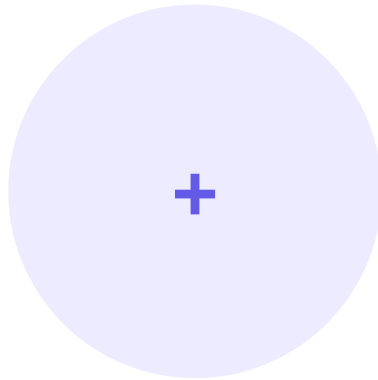

2 Tap the link

You'll see a welcome screen showing your daycare's name and what KidKonekt lets you do.

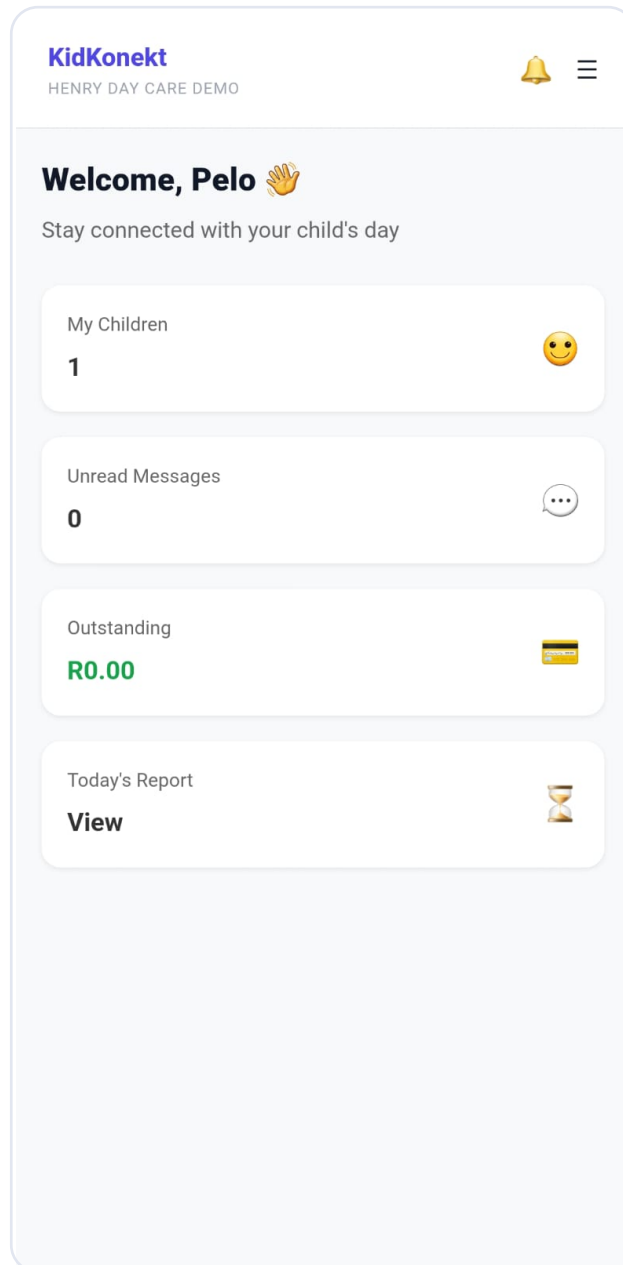

3 Create your account

Tap "Create My Account" and sign up with your name, email/phone and a password -- this links your account to your child's daycare automatically.

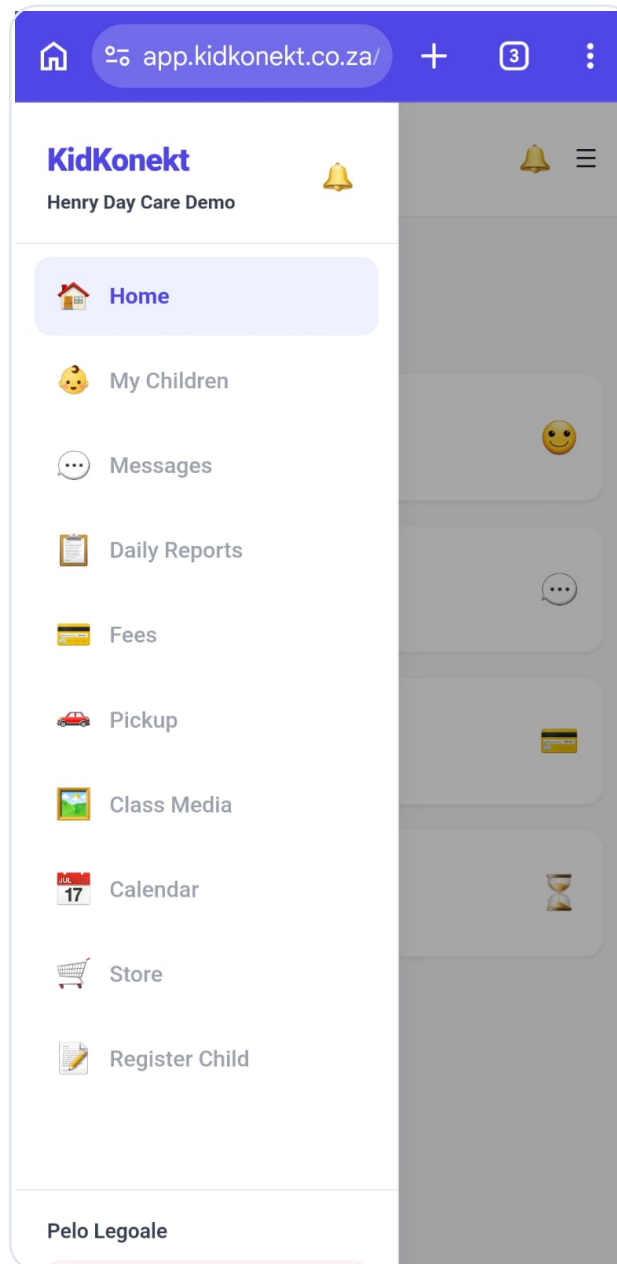

4 Your dashboard

Once signed in, you'll land on your Parent Dashboard showing children, messages, fees and reports.

5 Open the menu

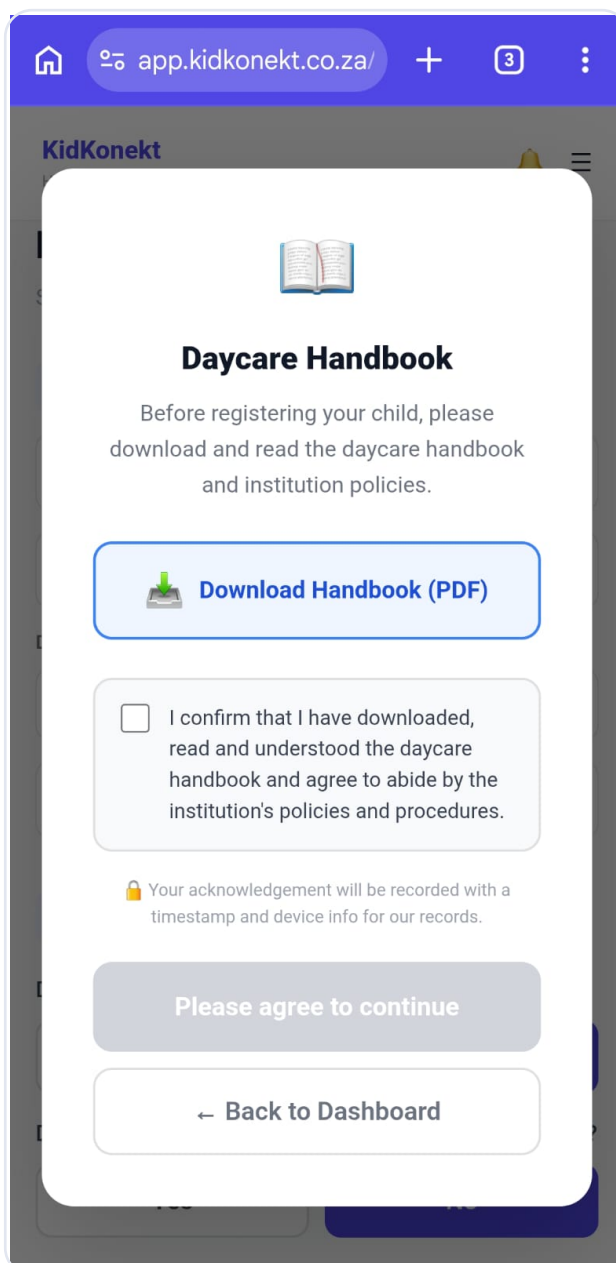

Tap the menu icon and select "Register Child" to add your child's details.

6

Read the handbook

Before registering, download and read the Daycare Handbook, then tick the confirmation box to continue.

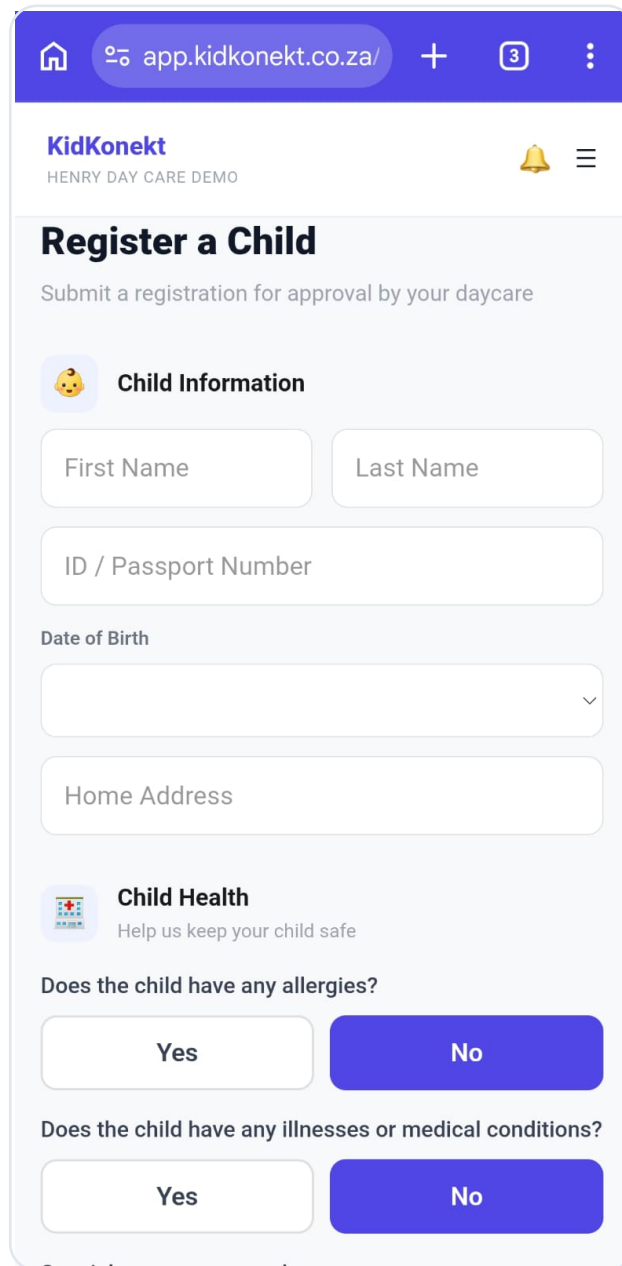

The screenshot shows a mobile app interface for KidKonekt. At the top, the browser address bar displays 'app.kidkonekt.co.za/'. Below the header, the title 'KidKonekt' is visible. The main content area is titled 'Daycare Handbook' and includes an icon of an open book. The text instructs users to download and read the handbook before registering. A blue button labeled 'Download Handbook (PDF)' with a download icon is present. Below this, there is a confirmation checkbox with the text: 'I confirm that I have downloaded, read and understood the daycare handbook and agree to abide by the institution's policies and procedures.' A small lock icon and text indicate that the acknowledgement will be recorded with a timestamp and device info. At the bottom, there are two buttons: 'Please agree to continue' (which is greyed out) and '← Back to Dashboard'.

The "Continue" button stays locked until you confirm you've read it.

7 Fill in the registration form

Complete your child's details, health info, and parent/emergency contact information.

The screenshot shows the 'Register a Child' form in the KidKonekt app. The app's header is blue with the logo 'KidKonekt' and 'HENRY DAY CARE DEMO'. The form is titled 'Register a Child' and includes a sub-header 'Submit a registration for approval by your daycare'. The form is divided into two main sections: 'Child Information' and 'Child Health'. The 'Child Information' section contains fields for 'First Name', 'Last Name', 'ID / Passport Number', 'Date of Birth' (with a dropdown arrow), and 'Home Address'. The 'Child Health' section has a sub-header 'Child Health' and a note 'Help us keep your child safe'. It contains two questions: 'Does the child have any allergies?' and 'Does the child have any illnesses or medical conditions?'. Each question has two buttons: 'Yes' (white) and 'No' (blue).

Register a Child

Submit a registration for approval by your daycare

Child Information

First Name Last Name

ID / Passport Number

Date of Birth

Home Address

Child Health
Help us keep your child safe

Does the child have any allergies?

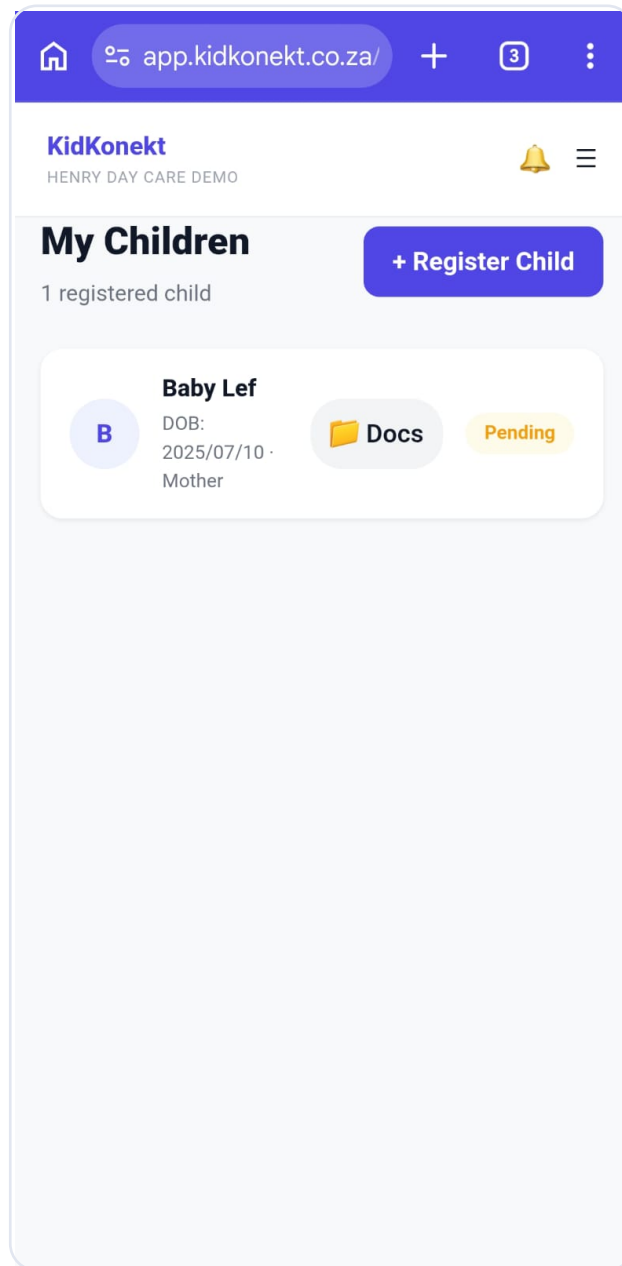

Yes No

Does the child have any illnesses or medical conditions?

Yes No

8 Submit for approval

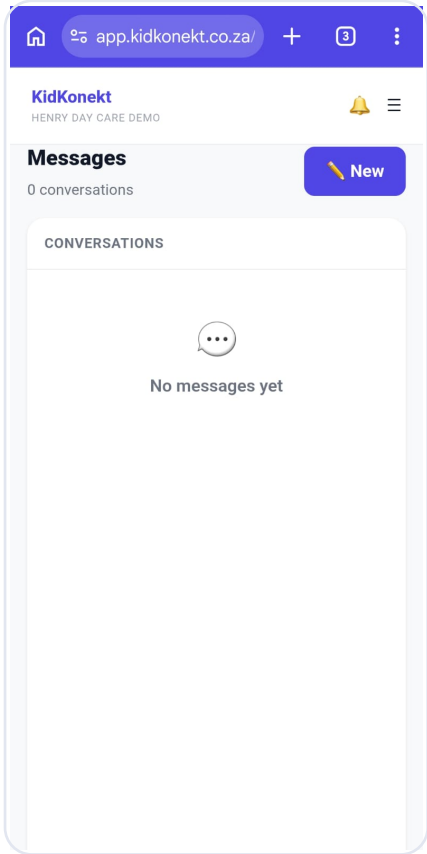

Your child now shows as "Pending" while the daycare reviews your registration.

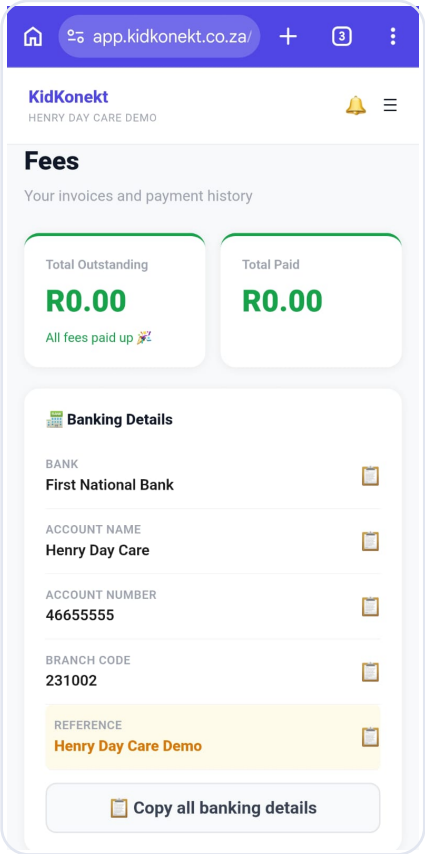

Daily Reports will show "Awaiting facility authorization" until approved -- no action needed, just wait.

9 You're in!

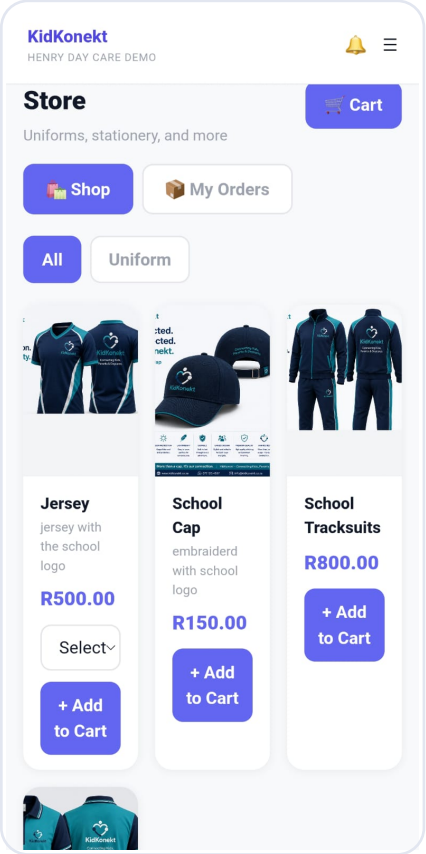

Once approved, everything unlocks -- messages, daily reports, fees & payments, and the school store.
